Sail with Scott

Welcome to the spectacular Hilton Bella Harbor on Lake Ray Hubbard! Our unique location on the shores of the lake is truly stunning and there is no better way to get to know your surroundings than by sailing through them!

“Sail With Scott” is an incredible adventure which allows you to experience firsthand the majesty of the lake. Guests will climb aboard “Seawolf”, a 40ft catamaran hand built out of Spanish cedar by Scott Self, the former mayor of Rockwall. You will relax with friends and family as you sail around the lake, taking in its beautiful scenery.

Sailing on Seawolf is the most unique way to experience all that Lake Ray Hubbard has to offer. Captain Scott and the rest of the crew encourage curious passengers to learn how to sail the boat. You are given the opportunity to steer the boat or man the rigging. Sailing lessons can be given on the cruise at no extra charge.

Passengers are welcome to bring on board beverages of their choice (including soft drinks and alcoholic beverages) along with finger foods. Seawolf can accommodate 49 passengers and cruises start from \$25 dollars per passenger. Cruises are available at various times throughout the day and may be booked directly on the Sail With Scott website.

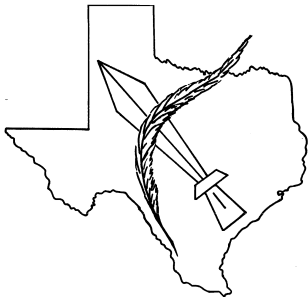

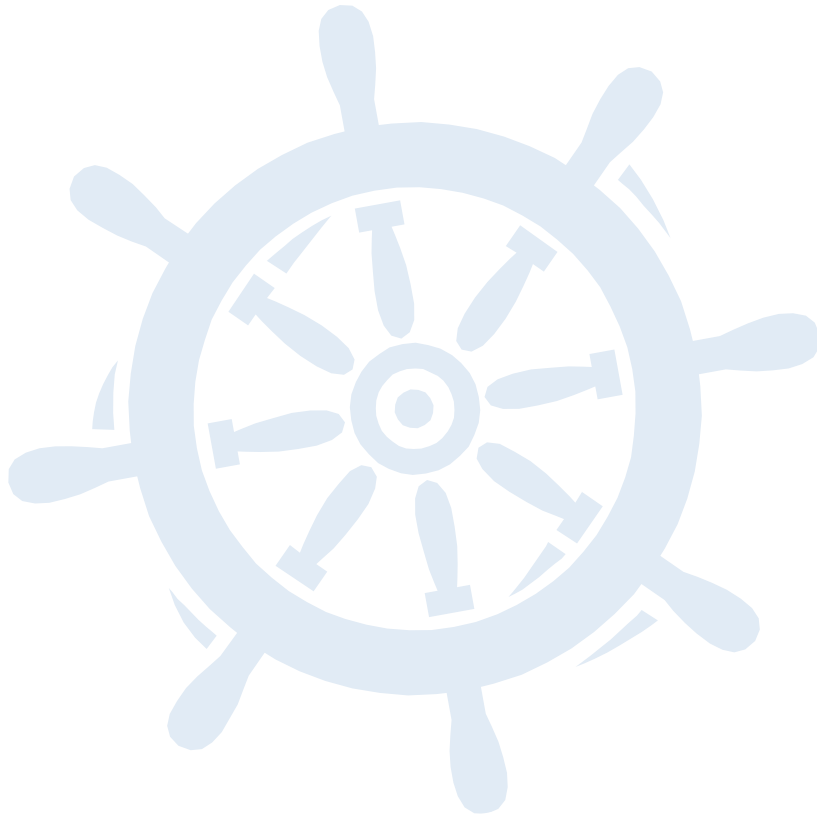

Enjoy a brisk sail in the morning or watch the most spectacular sunset in Dallas from a completely unique location. In addition to enjoying a cruise at any one of these times, The Seawolf is also great place to hold parties and special events. The starting fee for a private cruise is \$500. For more information about the Seawolf and its sailing excursions, or to make cruise reservations go to www.sailwithscott.com.
